

The Walter Miller Science Fair is Thursday, February 27, 2025.

Does your child ask a lot of questions?

Does your child make good observations?

Is your child a good story teller?

Does your child like to build things?

Your child has science skills!

Good scientists are curious, observant and can explain their findings and results.

Some science fair project ideas:

“How To” projects

Comparative studies

STEM Ideas

Animal studies

Consumer testing

Building

If you are interested fill out the form below and return it to school by 2/23/24
